A few free subscriptions are now available for new subscribers to THE HERALD, who will conform with the above conditions.

ABOUT TOWN.

Oh, say, have you seen anybody who was at the hop in the garrison last evening?

The threshing machine for the Batoliffe rice farm was taken out to the farm yesterday.

Cheap Irish potatoes at W. B. Austin's wholesale grocery—8 cents a pound, while they last.

Mr. and Mrs. Manuel Barreda today moved into the Truitt residence on the corner of Elizabeth and 14th streets.

The marriage of Emile J. Combe and Miss Ida Maltby will take place next Wednesday at 5 p. m. at the Catholic church. No cards will be issued.

This report of the hop in the garrison does not appear in this evening's HERALD, because, in fact, there wasn't any hop. THE HERALD was mistaken.

The schooner C. H. Moore succeeded in coming up to the wharf this morning, and discharged her cargo. Her freight reached here at four this afternoon.

The next meeting of the Musical and Dramatic Club has been postponed until Saturday evening, on account of the hop which is planned for Friday evening.

Licenses to wed was issued by County Clerk Webb yesterday to Nieves Camero and Romualdo Mendez, and today to the following couple: Juan Salas and Josefa Gomez.

The Alamo City Commercial College, Winter Term, will open January 2-7. Send at once for Catalogue and full information. Address, Shafer & Downey, proprietors, Box 1229, San Antonio, Texas.

Elsewhere in this evening's HERALD will be found the card of Dr. L. F. Layton, who offers his professional services to the public. Dr. Layton's office is located in Parker Row, up-stairs, entrance on Washington street near the corner of 12th street.

Advantage of this Section.

The advantage of this section as a truck growing country is called to mind by the fact that even if the late freeze did kill all the young cabbage there is yet time to put the land in melons, which, as a paying crop, is almost as good. There are few sections where, after one crop has been destroyed by a freeze, the land can be so well utilized.—Beeville Bee.

MATAMOROS MATTERS.

Wedding of Well Known Couple. More Soldiers Coming, With Regimental Band.

Matamoros, Mexico, Jan. 9.—As announced, the wedding of Sr. Jose L. Calderon and Miss Refugio Yurria, two prominent young society people, took place last evening in this city. The civil ceremony was performed by Judge Francisco R. Trevino, at the residence of Hon. Francisco Fuentes Farias, uncle of the bride. An elegant reception followed, at which numerous friends of the young couple showered hearty congratulations and good wishes upon them. Dancing was indulged in, and refreshments were served.

The religious ceremony took place at four o'clock this morning at the Cathedral, Rev. Father Salas officiating. The cathedral was beautifully decorated for the occasion, and numerous friends witnessed the ceremony, Brownsville as well as Matamoros being represented. The bride received many handsome and costly presents.

News has just been received by the military authorities here that this garrison will be augmented shortly by the arrival of a squadron of the Eleventh Mexican Cavalry, now stationed at New Laredo, including two hundred mounted men under command of Colonel Bringas. They are expected by the last of January. It is reported that they will bring with them the famous Eleventh regiment band, and Matamoros will again enjoy afternoon concerts by the military band at the Plaza de Hidalgo.

Judge Francisco Guerra, who has been judge of the first instance at Matamoros for a number of years, has been promoted to a higher position on the bench at Victoria. Great regret is expressed at his departure from here, though our citizens rejoice at his promotion. It is rumored that Judge Salazar of Victoria will take Judge Guerra's place here.

Rev. Vicente Salas formerly of Victoria has been placed in charge of the cathedral of Matamoros, in place of Rev. Father Munigua, who has been transferred to Colima, Mexico, to take charge of a large congregation. Father Salas is an eloquent speaker.

Corn is now selling here at \$12 a carga.

The Euchre Club.

The ladies of the Euchre Club added one more success to the annals of the club yesterday afternoon, when they were delightfully entertained by Mrs. Natanson at her home on the corner of Washington and 7th streets.

The usual series of eight games was played, and proved a very interesting contest. The result showed four ladies tied for the royal prize; namely Mesdames Loew and Imboden, Misses Saue Kennedy and Geraldine Kelly. On cutting the cards, Miss Kennedy was the favored one, and received a lovely silver mounted nail polisher. The consolation prize was a very useful one for member of a card club, being a deck of cards. Miss May Scanlan was the winner.

Delicious cake and coffee were served after the game was ended. Mesdames Sprague, Truitt and Imboden were honored guests of the club on this occasion. Two new members also joined, namely: Miss Olivia Iznaga and Miss May Scanlan.

The club will meet next week on Thursday with Mrs. Wheeler.

British Officers Must Not Wear Gold Lace.

New York, Jan. 3.—The imperial authorities in Canada have received orders that in every branch of Great Britain's army gold lace, swords, belts, conspicuous shoulder straps or like badges of rank must be abandoned, says a Halifax, Nova Scotia, correspondent.

It is understood here that the cause for the reform has been the lesson learned in South Africa, where the Boer marksmen are enabled to pick off the officers with alarming frequency by reason of their conspicuousness.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

A CHASTLY FIND.

Six Grinning Skeletons Unearthed at Corpus Christi.

Corpus Christi, Tex., Jan. 5.—While the county convict gang was excavating a trench in the rear of the court house yesterday, six human skulls, together with the remnants of six skeletons were unearthed. The bones had been buried for many years as they easily crumbled when touched.

Citizens who have lived here over fifty years state they never heard of a cemetery in that vicinity. The bones were unearthed at a depth of about five feet and appearances indicate that the bodies had been buried on top of each other. The skulls showed plainly that they had belonged to white men.

Some people think they belong to Gen. Taylor's soldiers stationed at Corpus Christi in 1845, while others assert that all of Gen. Taylor's dead were interred in the cemetery.

All the bodies had been buried together. Their identity will probably forever remain a mystery.
